Club Meeting Minutes from 8 June 2019

➤ **Club Shoot at the Kitty Joe site – blanket shoot.**

On the way to the site I noticed the size of Mormon lake. I do not know if I have ever seen so much water in that lake. I was told both upper and lower Lake Mary are full. I guess with over 100 inches of snow and late spring rains have been good for the North country. This is also evident by the large amounts of pine pollen all over the ground. The night was cool and great sleeping weather.

Pam and Terry Volts and Wayne helped set up the targets Friday night. Please help me welcome back Pam and Terry as they joined the membership ranks again. This was a tough shoot and the wind did not help my score. It was windy from the start and gusted throughout the shoot. Even though the shoot was challenging a good time was had by all. Debra and Hiram Regnaud, Victors wife and son wandered through the trees while we shot and then joined us for lunch. Lunch was hot dogs and lots of good sides, I don't know about you but to me hot dogs never get old. I certainly got my share and there were a few left over.

➤ **The July shoot will be special. Please bring a target or two as Pete and I will not be able to bring the targets. Pete is camping and I will not be able to attend the shoot. Several people at the June shoot took a few targets to bring back in July. Paul Hanna plans to bring some targets up with him, but not 20**

- We need shoot hosts. Several times in the past 2 or 3 people have gone together to host a shoot. There is always help in setting up the targets and collecting them after the shoot. If you cannot choose and pickup the targets for your shoot let Gary or Pete know and one of us will likely be able to carry the targets to the shoot.

➤ Jan, Feb, and March and the rest of the 2020 shoots are open. It never hurts to sign up early, especially if you want a

➤ **Next shoot July 13**
