### Club Meeting Minutes from 13 Mar 2021

➤ **Club Shoot at the Alternate Winter site – blanket shoot.**

Michael camped at the site and said there was one truck that passed through while he was there.

Michael and Jerry set up the shoot early Saturday. There was a new target at shot #4 courtesy of Michael. This was a large disk with a small hole covered by a small disk behind it. The object was to hit the small disk. I did not measure the hole but it appeared to be about 3 inches.

Lori and Michael brought their camp oven and the result is making me think of getting one, though I doubt my results will come close to theirs. Another great lunch of Shepards Pie that Lori cooked, and ham and cheese sliders. The hot lunch was very welcome on this blustery day. The sides seemed to complement the main course and nobody left hungry.

This shoot had it all in the weather department. I drove through the rain on the way up and back. At the shoot we had snow, sleet, and fog that rolled over the hill in waves that continued up the valley, The fog made some of the targets hard to see from time to time. Everyone had every sweater, shirt, and coat on trying to stay warm. The stronger wind waited till the end of the meeting to put the final chill in us. In spite of all this we had a terrific shoot. I forgot to mention all of the taller hills around the site were covered in snow.

**Please look over the items for sale and wanted at the end of these notes. Sellers please let me know if your item(s) has sold and I need to remove them from the list.**

**MUZZLESTUFFER Shoots at the Rio Salado Range**

Bi-weekly Muzzle Stuffer fun match at Rio Salado. We usually set up for both rifle and pistol, but always for rifle. We also frequently, but not always, rotate matches between paper and steel using relays. I always take special requests though, so we can have any kind of match any member wants within the limits of our range facility.

Questions? Contact Dave Bankhead, "bowgun1@gmail.com", 928-533-9187. If you call, be sure to leave a message, as my phone sends any number it doesn't recognize straight to voicemail. See you on the range. Dave.
