- 2) I thanked everyone for coming out today to work on cleaning the range, the land owner really appreciates our efforts because the shrubs are so hard to get rid of. - 4) It was announced that Goex powder would be hard to get due to the plants closure the end of this year. John Schaffer stated that the plant closing was only one of three and powder wouldn't be an issue.
- 5) Correction John called me back 11:00am Monday the 11<sup>th</sup> to correct what he had said he heard earlier about the Goex plant. John said "Goex's only plant which had a major fire and explosion earlier this year was being rebuilt when the hurricanes hit and flooded the facility with substantial damage. Goex then decided to sell the plant, to date the sale has since fallen through. Goex will no longer produce any black powder".
- 6) Matt and Tom have offered to put on a Green Chile dinner for the Rendezvous.

Menu is: Barbequed green chili pork with tortillas or on top of baked potatoes with toppings.

Everyone really liked the menu. Thanks a bunch Tom and Matt!

Club will supply coffee and lemonade.

Dessert: Bake sheet cakes in throw away tins with a powdered sugar dusting:

- 2 From Lee
- 2 From Dean
- 2 From Pete
- 7) Motion to adjourn by Mark, Seconded by John P.

## 2:30pm I inspected the site after the meeting:

The south pit area had been covered with at least a foot of water due to all the dried algae left. The normal Trail Walk path is still muddy and hopefully will dry out more.
