Club Meeting Minutes from 13 January 2024

➤ Club Shoot at the Perry Lake Pit site – blanket shoot.

It was about 30 degrees as we started to set up the targets. I was glad I wore my hunting boots and had a good coat on my back. The sky was clear not a cloud to be seen for the whole shoot. There was no wind for the shoot and just a light breeze for lunch. It was a very pleasant day to shoot. Because there was no wind the sun was warm on my back and I took off my coat to shoot and I was very comfortable in a long sleeve shirt. I thought the shoot was not one of our more difficult shoots but with the exception of Dean the scores were a few hits low.

Lunch was hot dogs and fixins. My opinion is that you just cannot go wrong with hot dogs. Could have been divine inspiration as I brought a pot of beans and nobody else had. My wife was happy to hear that the beans went over well as we had few leftovers to eat later.

Pete thanked everyone for attending and helping with the shoot at the start of prizes.

The June shoot at the Perry Lake pit is in need of a host.

Please let Pete or Gary know if you would like to host. Hosting is easy. There is always help in setting up and tearing down the targets. The host’s primary duty is to provide the main course for lunch.

MUZZLESTUFFER Shoots at the Rio Salado Range

Bi-weekly Muzzle Stuffer fun match at Rio Salado. We usually set up for both rifle and pistol, but always for rifle. We also frequently, but not always, rotate matches between paper and steel using relays. I always take special requests though, so we can have any kind of match any member wants within the limits of our range facility.

Questions? Contact Dave Bankhead, "bowgun1@gmail.com", 928-533-9187. If you call, be sure to leave a message, as my phone sends any number it doesn't recognize straight to voicemail. See you on the range. Dave.

It would be real nice to see a few more MMM shooters at the Muzzle Stuffers shoots. Black powder is a small division at Rio Salado and needs the support to maintain it's standing at the range

START TIME 10:00 am with setup at 9:00
