Club Meeting Minutes from 12 October 2024

➤ **Club Shoot at the Perry Lake Pit site – blanket shoot.**

Seemed as though everyone helped setup the shoot Saturday.

The Day was perfect for shooting. High wispy clouds welcomed us and remained during the shoot. The sun was warm and everyone was hitting the water regularly. The sun did not seem to bother RJ as he turned in an impressive score.

Lunch was hotdogs and a bunch of sides. Great grub and everybody seemed to get full.

Pete thanked everyone for attending and helping with the shoot at the start of prizes.

Kyle and Brea ,the land owners, stopped by just after lunch was over. They have done a lot of work clearing most of the desert broom. The set up will be different this year as there will be more room for camps. We will use a new entrance to the pit for the events there. This has been an excellent site for us for many years, but this will be the last year as Kyle and Brea will be building a house on their land.

Please let Pete or Gary know if you would like to host. Hosting is easy. There is always help in setting up and tearing down the targets. The host's primary duty is to provide the main course for lunch.

MUZZLESTUFFER Shoots at the Rio Salado Range

Bi-weekly Muzzle Stuffer fun match at Rio Salado. We usually set up for both rifle and pistol, but always for rifle. We also frequently, but not always, rotate matches between paper and steel using relays. I always take special requests though, so we can have any kind of match any member wants within the limits of our range facility.

Questions? Contact Dave Bankhead, "bowgun1@gmail.com", 928-533-9187. If you call, be sure to leave a message, as my phone sends any number it doesn't recognize straight to voicemail. See you on the range. Dave.

It would be real nice to see a few more MMM shooters at the Muzzle Stuffers shoots. Black powder is a small division at Rio Salado and needs the support to maintain it's standing at the range
